Off-Highway Agriculture

**MANUFACTURER OF CAST AND
MACHINED PRECISION COMPONENTS**

*Precision Machining ♦ Global Sourcing
Balancing & Vibration Control ♦ Assembly*

Serving Those Who Serve Off-Highway and Agriculture

The strength and quality of components for the Off-Highway and Agricultural industries is assured when sourced through Diamond. If it requires machining, assembly, heat treating or plating, we pride ourselves to meet customer demands at a competitive price.

From simple to complex...let us be your problem solver.

WE KNOW....

- The industry.
- The product.
- The manufacturing requirements.

WE HAVE....

- A state-of-the-art facility set up to serve the off-highway and agricultural industries.
- Experienced engineers, inspectors, and qualifying resources in China.

WE CAN....

- Provide the benefit of both domestic manufacturing and global sourcing.
- Add value to customer products.

WE ARE....

Diamond Precision Products
